POINT DUME™ COLLECTION

PROGRESS LIGHTING
DESIGN+SERIES™

Featuring Point Dume™ Surfrider pendants.

A fitting collaboration between
dreamer and maker.

Featuring Point Dume™ Onshore wall bracket and Point Dume™ Wandermere chandelier.

DREAMER

Jeffrey's purposeful and authentic spaces beg to be lived in rather than existing only to be stylish. Today this Elle Décor A-List designer's spirited aesthetic is realized beyond his fortunate clients through licensing partnerships and a broader audience can look forward to homes that are more genuine, more personal and more engaging.

A coastal landscape featuring a large, textured rock formation on the left side. The ocean is visible in the middle ground with waves crashing against several smaller rock formations. The foreground shows a sandy beach with more rocks, some of which are covered in green moss. The sky is a pale, overcast blue.

POINT DUME

“I believe that lighting has a higher purpose, to be at once illuminating and decorative, purposeful and beautiful. Lighting is the ultimate marriage of form and function and the most transformative element in a design project. The very nature of light itself is inspirational.”

JEFFREY ALAN MARKS

Jeffrey's Point Dume™ lighting collection celebrates a curated mix of yesterday and today, distilling both industrial and artisanal influences. At home in a range of lifestyles from coastal to urban, the Collection is inspired by one of his favorite places, Point Dume, California, with

exceptional combinations of materials woven throughout. Emulating both the raw strength and the captivating honesty of the landscape, Jeffrey intuitively elevates lighting to a more authentic art form as he marries craftsmanship and style with some of his favorite materials and memories.

MAKER

In the eclectic Point Dume™ Collection, the dreamer and the maker are united by the desire to provide an elevated level of home fashion to an enthusiastic design-savvy consumer. As the inaugural guest designer of Progress' Design Series brand, Jeffrey's design goals are in sync with the Design Series

philosophy — to offer sophisticated styling at an accessible price. Together they are on a journey to inspire individuals to update the favorite spaces in their homes through fixtures that highlight artistic influence, rich finishes and fashion-forward elements.

Wandermere

With elegant out-stretched arms and the grace of a Calder mobile, the Wandermere chandelier is “modern symmetry in balance.” Available in Brushed Brass with curved metal shades, the Wandermere is an architectural presence for any space.

Surfrider

Rows of lapping wave-like metal are combined with beautifully braided cords, and suspension hooks for an ageless “industrial meets the modern minded” point of view. The inspired Surfrider pendant is offered in a Galvanized finish and a refreshing “Maliblu” finish. To round out the versatile group, the Surfrider collection also includes complementary sconces available in Galvanized, Antique Bronze or White.

Onshore

Continuing Jeffrey's modern take on light and movement, the Onshore series combines some of his favorite materials and finishes. Offered as a White and Brushed Brass pendant, or a "Maliblu" and Brushed Nickel option, the Onshore group is a fresh and uplifting choice for casual living.

The Onshore swing arm wall sconce in Brushed Brass has a three-tiered white enamel shade that complements this lifestyle.

Sandbar

Ageless Brushed Brass is layered in modern tiers for the Sandbar ceiling fixture, sconce and pendant light. The addition of Jeffrey's tailormade leather details, brass hooks, milk glass and cables make for memorable, luxury lighting with infinite design applications.

Lookout

The Lookout wall sconce is a modern classic that combines Brushed Nickel, clear seeded glass and handsome leather accents. Perfectly at home in so many locations and lifestyles, the Lookout sconce is ideal to use when multiples are a must. The Lookout wall sconce has the enduring sensibility that adds an uncomplicated elegance to any interior.

A wide-angle photograph of a coastal scene. In the foreground, there are dry, brownish shrubs and a rocky cliff edge on the right. The ocean is the central focus, with a wave breaking and creating white foam. The water is a mix of green and blue. In the background, the ocean extends to the horizon under a pale, overcast sky. The overall mood is serene and natural.

“For me the true meaning of home is being surrounded
with natural physical beauty and well-crafted objects that
feel both polished and personal.”

Shearwater

The Shearwater hanging lanterns and wall sconces embody Jeffrey's love of easy coastal living. His lighter lantern and sconce option combine Antique Nickel with clear glass and a soft-beige stitched leather handle, while the more traditional version of Shearwater combines Aged Brass, clear glass, and a handsome brown stitched leather handle. For a more California look, Jeffrey offers a white lantern with clear glass and his signature Maliblue accent as a pop of color in the roof of the fixture.

Moonrise

Quintessential JAM, Moonrise is an ethereal globe fashioned of Antique Nickel and marbled white glass. With a nod to its vintage ancestry, this simple style statement manages to defy time and live quite happily in the present. Jeffrey recommends the simplicity of Moonrise's round silhouette the perfect choice when the design calls for multiples.

Jeffrey creates two distinctive looks when combining first Aged Brass and milk glass and then timeless Brushed Nickel and seeded glass. Both versions of the Tapia Trail fixture are defined by rivet details and remind us of their industrial origins — part Nautical, part Farmhouse, all American.

Windbluff

With sophisticated effortless, the Windbluff pendant was inspired by breezy shoreline living and incorporates Brushed Brass and natural linen. This transitional pendant, perfect for both modern and traditional interiors, is suspended by decorative brass hooks and thoughtfully has a white diffuser to create that perfect glow.

Sequit Point

The romance and architectural presence of a lighthouse is expressed in the Sequit Point group. In the same way strips of glass increased the effectiveness of lighthouse beacons, the modern Sequit Point series benefits from a similar ingenuity. Mercury glass sleeves stand in tandem with clear glass rods to provide a familiar glow for the convertible ceiling fixture/ pendant. Available in Antique Nickel and Brushed Brass.
